Emergency Committee
Meeting Notice and Agenda

Monday, April 15, 2019 at 10:00 AM
WRC Conference Room

AGENDA

1. Public Comment Period
   This time is the opportunity for members of the public to comment on non-agenda items. Comments should be limited to five minutes, at the discretion of the Chair.

2. Structure of Committee
   a. Chair appointment
   b. Meetings

3. Suggested Committee project
   Establishment of communication network between home healthcare providers and town staff for check-ins on vulnerable population
   There is a need for a better/established communication protocol between provider organizations and towns so that towns know what vulnerable populations may be in need. Using a phone tree format, with the providers calling to check on their clients eliminates the town having to maintain a list of vulnerable residents. These lists are inconsistently successful in towns and there are privacy concerns that the phone tree format would eliminate. This discussion will assist in planning out and determining desired Committee involvement in this project.

4. Regional Plan update discussion
   Discussion of how we can better incorporate the themes of vulnerability and resiliency throughout the updated Regional Plan. There is little discussion now, but these themes are relevant to every element of the Plan.
