**BUSINESS –**

**VTrans Long Range Transportation Plan Presentation**

Dave Pelletier from Vtrans came and spoke to the committee about VTrans Long Term Plan Development Process and structure. Dave outlined the purpose of the plan, schedule for the update. He discussed existing conditions and future trends, provided materials, and listened to document regional perspective.

Dave discussed significant differences since the last plan update in 2009 including consideration of changing demographics, changing technology, and changing state leadership priorities.

The Transportation committee brought up questions how the community can have impact on engineering concepts specifically rt 30 in Brattleboro.

**Town Concerns and Correspondence**

Erica provided materials to support the conversation about the speed limit reduction request on Rt 30 in Brattleboro. A motion was passed and the committee voted unanimously to support this request. Erica reported about the project update provided to the Town of Newfane Selectboard about the Newfane Arch Bridge Project.

**Hinsdale Brattleboro Bridge Update**
Erica briefly reported on the status of the Hinsdale/Brattleboro Bridge project for which Project Advisory Committee (PAC) met earlier in the day to discuss the type of piers the bridge would have and the number of pedestrian look out areas. The PAC voted to support the 2 column pier.

New Grant and Funding Opportunities
Erica reported briefly on the Grants and Aid program a brand new pilot grant program offering the town’s financial support in proactively addressing the upcoming Municipal Roads General Permit. Erica will provide additional information when she sends out the minutes.
